## WINTER ROARIE REGENTS

VARSITY: ANNE MARIE GUILLEN  
GRADE: 12

Annie has demonstrated tremendous growth as a player and a young woman. Through her efforts she has come to embody the Einstein quote "Not everything that can be counted counts and not everything that counts can be counted." Not only does she do the things that can show up on a stat sheet, she does all the little things that no one ever notices but allows for the success of her team. She has developed into the glue that unites us and her work on the floor has been impressive. She is intense and passionate about the game, and has been willing to do whatever her coaches ask on the floor to make her team better. We are extremely proud of Annemarie and honored to have her as a member of our team.
