Portraits By Kathy

**Your personal photos from home
with indication of placement**

If you would like to use senior portraits from Portraits By Kathy, here's what you need to do...

- 1) The cost is \$10 + tax per image if you have placed a senior portrait order or \$15.00 + tax per image if you have not placed a senior portrait order. Kathy will prepare the images and they are sent directly to the school yearbook staff to be inserted into your ad. There is a small window of time after the deadline to hand in your paperwork to the yearbook when you can be photographed for the poses you want to include in your ad if you still need to.
- 2) You must call or come in to Portraits By Kathy to choose the image(s) you want to use and make your payment.
- 3) You must indicate on your dedication template, which pictures go into which spaces. See the example above.
